Re: Election Procedures for Incoming Hawaii HOSA State Officers

Please consider this opportunity to develop leadership skills and represent our members and advisors as a Hawaii HOSA State Officer by reviewing and preparing to run as a candidate at our 17th Annual Hawaii HOSA State Leadership Conference, February 22 and 24-26, 2021. This event will be a virtual one. In order to best fill elected positions, we will be running candidates on an open slate, which means that those ending up with the highest combined scores will become part of the executive board, filling all available positions. Should there be more candidates than positions available, some may be offered a committee chairmanship instead of an official state officer position.

Completed applications (with flyer/resume and essay attached) and permission forms should be emailed (scanned permission form), mailed or hand-delivered to reach Mrs. Toyama by Friday, January 15, 2021 to be considered as a state officer candidate. No exceptions will be made; consider this a test in commitment to meeting deadlines. Submit the following:

1) State Officer Candidate Permission and Commitment Form  
2) Advisors Commitment Form  
3) Flyer and resume  
4) Pre-recorded videotape of creative speech, 1 to 2 minutes in length  
5) Essay or other writing sample

What will be your HOSA legacy?
Sample Creative Introduction

Many times you can tell a person’s character by what they carry in their bag. That’s why I brought my backpack to help you get better acquainted with me. *(As each item is brought out, show audience and describe how you relate to it.)*

This is my daily planner, which is a constant companion for me. I’m very organized, as I’m involved in many extracurricular activities such as National Honor Society, Publicity Co-Chair for my junior class, and Treasurer for the Future Physician’s Club, to name a few. I have been in HOSA for three years, all of which I have been a chapter officer.

Another item is my scientific calculator. With it, I can look at problems, assess their needs, and work towards a solution. It has many functions and can operate in several different modes. Likewise, I am able to approach problems and their solutions in various ways.

Next is my wallet. Wallets hold money and other important items that are a source of security. My past performance as a chapter officer will give the members of HOSA the sense of security that I have your best interest in mind.

My pencil case contains many tools that help me carry out my responsibilities. Likewise, I contain the necessary leadership tools such as reliability, responsibility, and the understanding of this organization that will allow me to direct this group effectively.

Books are a source of information. Due to my past leadership roles, I have much information and experience that will be beneficial to the advancement of HOSA.

When I look into my compact, I see a reflection of myself in the mirror. When others look at me, they see that I am a reflection of the goals and aspirations of this organization.

My keys represent my dependability. With it, I am able to keep the doors of communication open, and an also able to keep an open mind. I welcome new ideas and am willing to try them. I realize that part of being a leader is being able to try different things and learn from others’ suggestions and views.

Just as this backpack contains all of these elements, I also contain the element of success. Just as I cannot function effectively without these items, Hawaii HOSA cannot either. I hope to use my tools in the upcoming school year to ensure the best year ever in HOSA!
